70%

Increase in crop yields

Harness the power of Agritech with precision farming solutions that optimize water, nutrients, and pest control—maximizing productivity while promoting sustainable agriculture.

WHO IS REDDAGRO?

ReddAgro is an Agri-Tech company that specializes in providing precision farming, Control and automation, and IoT-Based Farming Management Systems.

We are committed to transforming the way agriculture is practiced by leveraging the latest technologies and innovations.

Redd Agro

OUR VISION

We aspire to become the leading Agri-Tech company in the region, by introducing innovative, eco-friendly solutions that enhance productivity, efficiency, and sustainability for the benefit of our farmer.
OUR SOLUTIONS

PRECISION FARMING

Incorporates remote sensing and data analytics to assist farmers in maximizing crop yields while minimizing the utilization of resources, including water, fertilizer, and pesticides.

CONTROL AND AUTOMATION FOR (OPEN & CLOSE FARMING SYSTEM)

Greenhouse Control and Automation: enabling precise control of environmental conditions as well as soil nutrition for optimal crop growth, higher yields, and better quality.

IOT-BASED FARMING MANAGEMENT SYSTEMS (SUPPLY CHAIN MANAGEMENT)

This solutions help farmers manage the entire agriculture value chain, from production to distribution.

OUR SERVICES

① DESIGNING CONSULTING AND PLANNING

We work with our clients to provide customized solutions that meet their specific needs. Our team of experts provides advice and guidance on how to implement precision farming, greenhouse control and automation, and agriculture supply chain management solutions.

(2) IMPLEMENTATION AND DEPLOYMENT

We provide end-to-end implementation and deployment services for our solutions. We work closely with our clients to ensure a smooth transition to our technologies and provide ongoing support to ensure the success of our solutions.

(3) TRAINING AND SUPPORT

We offer training and support services to help our clients get the most out of our solutions. We provide training on how to use our services and offer ongoing support to ensure our clients are achieving their agricultural goals.

FROM THE HEART OF JORDAN TO THE MENA

EVERY MILESTONE IN OUR JOURNEY TELLS A STORY OF INNOVATION AND IMPACT

Every crop harvested and every drop of water saved tells the story of ReddAgro's transformative power. We're not just changing the way farmers work; we're rewriting the future of agriculture.

By blending technology with tradition, we've empowered farmers to break through barriers, achieve unprecedented yields, and protect the environment for generations to come. From the fields of Jordan to farms across the region, ReddAgro's impact is measured in more than just numbers—it's felt in the resilience of communities, the sustainability of practices, and the promise of a better tomorrow for all who depend on the land.
